## Additional Services

(Fees Apply)

### Hair & Make up

All hair and make-up are organised in the privacy of your own room ensuring those special touches are taken care of.

### Bridal Flowers

Choose from a range of tropical flowers to embrace the true essence of paradise. Bridal bouquets, leis, crowns, corsages, hair flowers or petals are some of the many arrangements that can be organised.

### Wedding Cakes

#### Croquembouche

This traditional French wedding cake is a speciality of our pastry chef. A tower of cream filled profiteroles covered in luscious chocolate and held together with spun toffee.

These are served to your guests with fresh cream and chocolate ganache.

#### Celebration Cakes

For spectacular 1, 2 or 3 tier celebration cakes we recommend Judi Clelland of Cake Fantasy. [www.cake-fantasy.com](http://www.cake-fantasy.com)

Please note a cake handling fee applies when providing your own wedding cake.

The fee includes presentation and serving with fresh cream and chocolate ganache
